

# AUTOMATE®

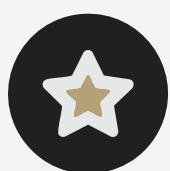

## The Future of Automate Starts Here

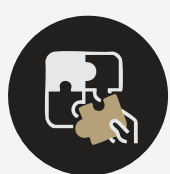

Automate has always stood for reliability, innovation, and seamless motorised shade control.

Today, Automate's latest range features the market-leading Push PRO remote, the intelligent Pulse PRO hub, and an extensive indoor and outdoor motor offering - delivering powerful, intuitive smart living.

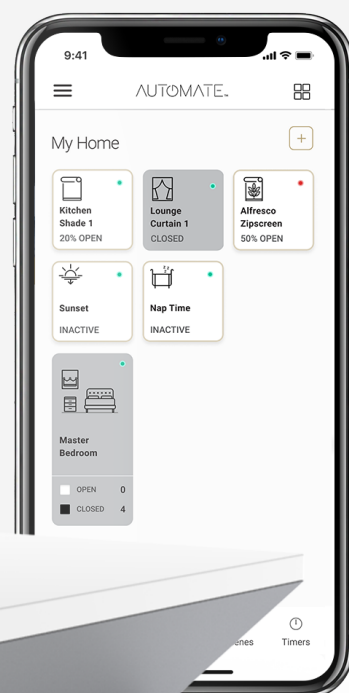

From simple, consistent programming to full-home automation and the latest in smart home integration, Automate delivers more than just performance - it delivers confidence.
